This report describes changes to the Fund that occurred during the reporting period.

What were the Fund costs for the period?
(based on a hypothetical \$10,000 investment)

| Fund Name | Costs of a \$10,000 investment | Costs paid as a percentage of a \$10,000 investment |
|--------------------------------------|--------------------------------|---|
| Unlimited HFEQ Equity Long/Short ETF | \$13 | 0.95% |

The Fund commenced operations on July 14, 2025. Expenses for a full reporting period would be higher than the figures shown.

The Fund's past performance is not a good indicator of how the Fund will perform in the future. The graph and table do not reflect the deduction of taxes that a shareholder would pay on fund distributions or redemption of fund shares.

How did the Fund perform last year and what affected its performance?

The Fund returned 3.97% since inception from 7/14/25 to 8/31/25, while the S&P 500 total return during this period was 3.22%. During the period, the Fund's largest positions were primarily in U.S. equity markets which rallied partially due to expectations of the Fed lowering rates in the near term.

What factors influenced performance?

The Fund held positions that track the risk/return profile of the long/short equity hedge fund sub-strategy. The Fund held a diverse set of global equity positions in line with this objective during the period, including non-U.S. equities, factor ETFs, and sector ETFs. Global equities, factor ETFs, and certain sector ETFs performed well during the period, contributing to the Fund's strong performance relative to the benchmark.
